

REMARKS/ARGUMENTS

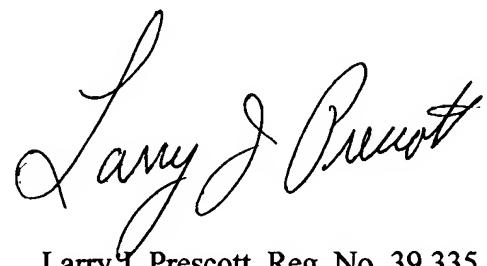

Examiner H. T. Le is thanked for the thorough Search and Examination of the Subject Application for Patent.

The last paragraph on page 4 of the Specification has been amended to include the Application Serial Number and File Date of the Patent Application referenced in the paragraph, as requested by the Examiner. Since the Application Serial Number is now included in the Specification the Docket Number, INT 03 001, has been deleted.

Reconsideration of the Rejection of Claims 1-35 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 1-30 of U.S. Pat. No. 6,870,516 in view of Cobb (U.S. Pat. No. 5,554,997) is requested. A terminal disclaimer; disclaiming the term of Claims 1-35 beyond the term of Claims 1-30 of U.S. Pat. No. 6,870,516; and associated fee are attached to this Office Action Response. It is believed that the attached terminal disclaimer and fee removes Claims 1-30 of U.S. Pat. No. 6,870,516 as a reference against Claims 1-35 of this application and that Claims 1-35 should now be Allowable.

It is requested that should Examiner H. T. Le not find that the Claims are now Allowable that the Examiner call the undersigned Agent at (845)-462-5363 to overcome any problems preventing allowance.

Respectfully submitted,
